Best Cabinetry Ever. We love our new Diamond kitchen cabinets. There were many features to choose from. The cabinets are extremely functional, and the sliding shelves are very good. They are durable, easy to clean, and very affordable. And, absolutely beautiful. This is the best investment we made regarding the remodel of our kitchen."

- Wall corner cabinets may be installed flush to the wall (left) or pulled 3" away from wall (right) to accommodate add dimensions in a kitchen design. In either case, the adjoining run of 12" wall cabinets plus a 3" filler will butt against the solid-wood panel.
- When a cabinet is "pulled" it will use proportionally more space, for example, a 30" wide WC, pulled 2" will use 32" of space.
- Blind side of wall corner cabinets cannot be installed next to a range hood unit due to door interference.

NOTE:
All outside stiles are 1 1/2" wide
